Dear Parent / Carer

SLT Surgery: Monday 13th December (3-5pm)

We are always striving to improve communication between home and school. As part of our efforts, we are introducing termly SLT surgeries where we are inviting parents and carers to make appointments with a member of SLT. These slots are 10 minutes in length and are with a member of the senior team.

To book a slot please do so here:

Please then complete this short survey so we can allocate you an appropriate member of staff. Please note, both steps must be completed:
